Cherry Tree – Devonshire Unit:

Wed 1st February, Wed 29th March, Wed 24th May, Wed 19th July, Wed 13th September, Wed 8th November.

As previously all tests will be conducted in the morning from 08:15 to 08:30 on the above dates. During each test, "Essential" Power & Lighting circuits only will be available, supplied from the Emergency Generator. These are marked with either a Red Switch, a letter "E" OR "ESS" and are clearly identifiable in all areas.

Electricity supplies affected in each case will be as previously experienced. Please use this opportunity to identify the supplies affected in your own individual areas so staff know what they need to do in the event of an actual Power Cut situation. Estates staff will be on hand during the tests if you require assistance.

For any further information please contact Elliot Roebuck on Ext.2171 or David Statham on Ext.5317
