

PRIVATE ROOMS AVAILABLE

What is a private amenity room?

We offer private amenity rooms on our maternity ward for women who wish to stay in a single room with en-suite facilities. In the room there is a reclining chair for partners to use who wish to stay overnight.

Our private rooms are available as part of our enhanced package of care, and can be requested at the date of admission, at a charge of £75 per night.

Whilst we cannot always guarantee the availability of an amenity room, we will try to provide you with a room as soon one becomes available.

Find out more

If you wish to discuss the possibility of having a private amenity room, please contact us on **0161 419 5284**.
