

# Uniform Guide

Across our wards, departments and community services you will see many different members of clinical staff. If you are unsure who they are please ask them to introduce themselves. Most of our staff wear uniforms and all our staff wear a name badge. We have produced this uniform guide to show some of the more common clinical staff and nursing and midwifery uniforms to help you identify those caring for you during your stay with us.

Head of Nursing/Midwifery

Matron

Doctor
